HONG KONG CYCLING LAWS

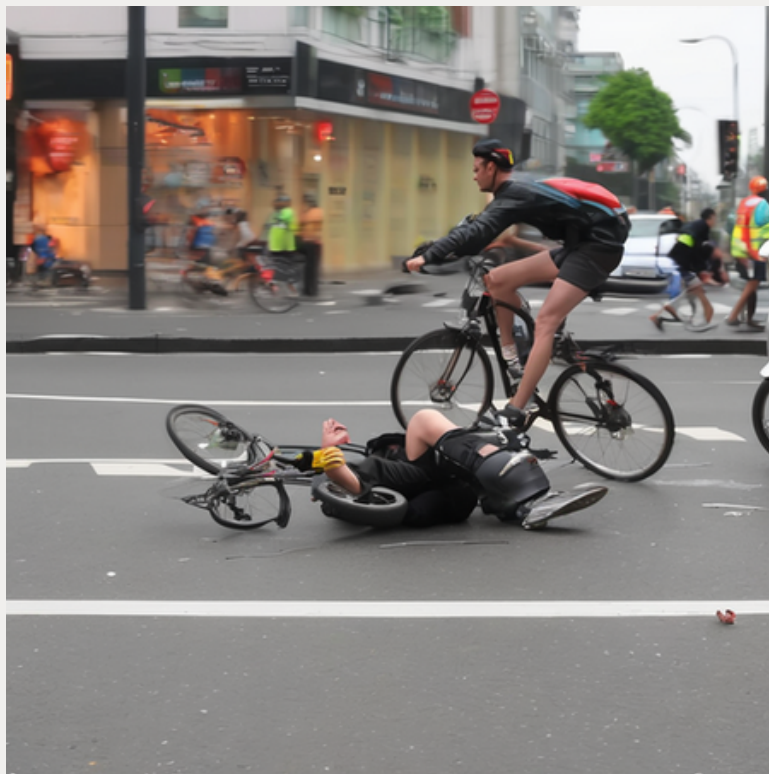

———— STEVE WENGXIANGXIANG ————

HONG KONG CYCLING LAWS

1. Reckless cycling may result in fines or imprisonment.
2. Careless cycling may result in fines.

A was cycling wildly and collided with B, who was also cycling. B was seriously injured and eventually died. The prosecution (控方) can charge A based on these two laws.

MY FAVORITE PARTS OF THE ROUTES

One of my favorite part is cycling along the 2nd ring. Riding around the Second Ring Road is not only a test of willpower but also a deep exploration of Beijing's historical culture. The route stretches over 50 kilometers, yet none of us gave up.

CYCLING LAWS IN FRANCE

ARIANE DA CUNHA

CYCLING LAWS IN FRANCE

- First concrete laws about cycling regulations appeared in 1970's.
- During the last two decades, local governments have tried to create more and more cycle lanes

KEY ELEMENTS :

- Bicycle users have to follow the same traffic regulations as everyone
- Bicycles have to be working properly
- If a cycle lane is nearby, its use is mandatory

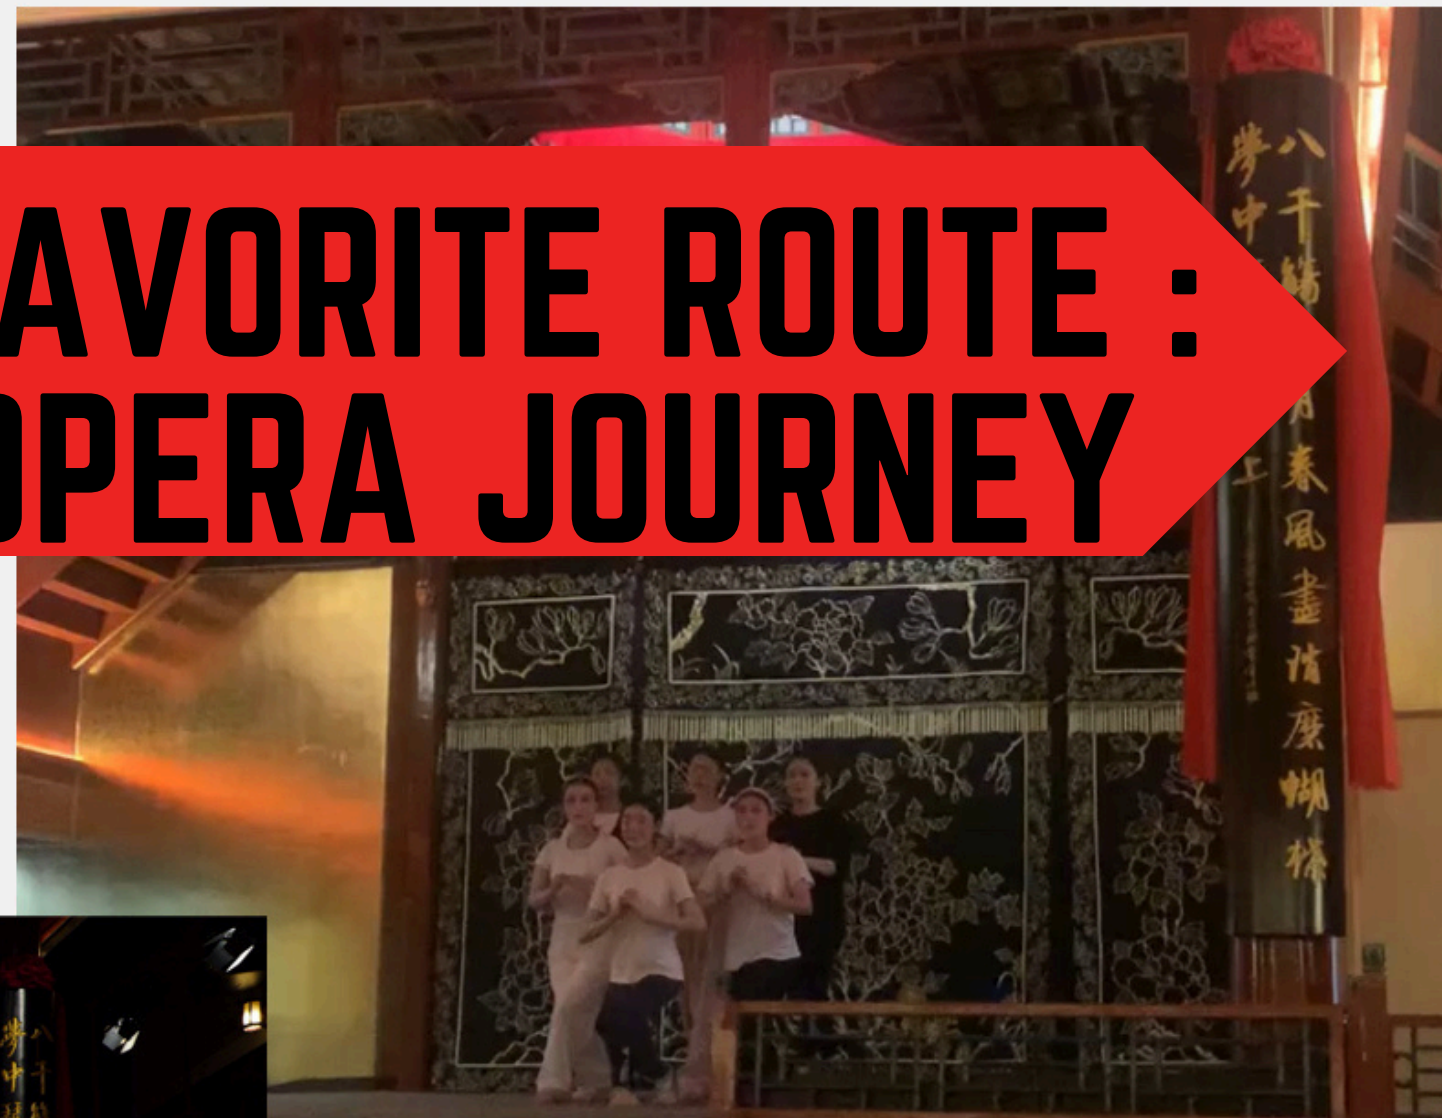

CYCLING IN PARIS VS IN BEIJING

THE BIGGEST DIFFERENCES :

- No bicycles are allowed on highways
- Bikes and motorized engines aren't allowed on cycle lanes
- Shared bikes like Haluo Bike aren't allowed in Paris
- Only the government-run cycling network of shared bicycle is allowed (but it a lot less convenient)
